

Steps to take to begin your first personal training appointment:

Fill out this form and return it to the Front Desk to begin your registration process. The Personal Training Supervisor will connect you with a trainer that will fit best with your schedule and needs.

Your Personal Trainer will contact you to set up your first meeting. Please plan to provide payment prior to your first training session.

Policies & Procedures

Partners **MUST** train at the same time. Sessions cannot be split between partners - that is considered personal training.

Sessions that are not rescheduled or canceled at least 24 hours in advance will result in forfeiture of the session and a loss of the final investment at the rate of the session.

Please note the importance of being on time for your training session. Clients arriving late will receive the remaining scheduled session time unless other arrangements have been previously made with the trainer.

The Expiration policy requires the completion of all personal training sessions within one year from the date of purchase. PT sessions are void after this date. PT sessions are transferable to a family member or friend.

We understand the above personal training policies and procedures of the Foundation YMCA of Wilson and agree to abide by these terms.
